CROATIA
## PRACTICE OF SPORT AND PHYSICAL ACTIVITY

### Level of practice of sport or physical activity

- **Regularly** (at least 5 times a week): 5%
- **With some regularity** (1 to 4 times a week): 19%
- **Seldom** (3 times a month or less): 20%
- **Never**: 56%

### Place of practice of those engaged in sport and physical activity

- **At home**: 50%
- **On the way between home and school, work or shops**: 30%
- **In a park, outdoors, etc.**: 27%
- **At work**: 13%
- **At a sport centre**: 8%
- **At a health or fitness centre**: 7%
- **At a sport club**: 5%
- **At school or university**: 4%
- **Elsewhere**: 3%
- **Don’t know**: 2%

### Reasons for engaging in sport or physical activity

- **Improve health**: 40%
- **Relax**: 36%
- **Improve fitness**: 34%
- **Improve physical performance**: 24%
- **Improve physical appearance**: 24%
- **Control weight**: 19%
- **Have fun**: 17%
- **Be with friends**: 15%
- **Counteract the effects of ageing**: 15%
- **Improve self-esteem**: 5%

### Membership of clubs where people participate in sport or recreational physical activity

- **Not a member of any club**: 79%
- **Health or fitness centre**: 6%
- **Sport club**: 5%
- **Socio-cultural club that includes sport**: 2%
- **Other**: 8%

### Level of engagement in voluntary work that supports sport and physical activity

- **YES**: 3%
- **NO**: 97%
This section presents analysis from the official statistics collated at both national and European level through National Statistics Offices (NSO) and Eurostat. For the purpose of the fact sheet, data are provided for two different years to underline tendencies. These years can be different depending on the topic as we have not always been able to collate the same level of information/statistics for each year.

The collection of data has been a challenge and this analysis presents the best information available about the national sport labour market from the official statistics but is not necessarily the exact reality. Further discussion on the statistics can be found in the European report of the project.

Scope: the widest sport and physical activity sector defined by the Council of Europe (2001) as “all forms of physical activity which, through casual or organised participation, aim at expressing or improving physical fitness and mental well-being, forming social relationships or obtaining results in competition at all levels”. In this fact sheet we are using the term “sport sector” having the meaning of the broad sector of “sport and physical activity”.

### 3.1 SIZE AND CHARACTERISTICS OF THE NATIONAL SPORT LABOUR MARKET

**Sources: Eurostat and National Statistics Offices**

To summarise our statistical definition for the sport labour market, the work carried out in collaboration with National Statistics Offices (NSO) and Eurostat was to collate available statistics on the number of:

- Persons having a sport-specific occupation (ISCO 342*) in an organisation whose main business is the provision of sport (NACE 93.1**), e.g. professional athletes, coaches, instructors in a sport club
- Persons having a non-sport specific occupation (Other ISCO codes) in an organisation whose main business is the provision of sport (NACE 93.1), e.g. managers, receptionists in a sport federation
- Persons having a sport-specific occupation (ISCO 342) in an organisation whose main business is not the provision of sport (Other NACE codes), e.g. a fitness instructor working in a hotel

* ISCO - “The international standard classification of occupations”. ISCO divides jobs into 10 major groups of occupations and sport specific occupations are listed under ISCO3 Technicians and associate professionals and more precisely under the sub-group ISCO 342 Sport and Fitness Workers (3421 - Athletes and Sports Players; 3422 - Sports Coaches, Instructors and Officials; 3423 - Fitness and Recreation Instructors and Programme Leaders).

** NACE - “Statistical classification of economic activities in the European Community”. NACE is basically a four-digit classification providing the framework for collecting and presenting a large range of reliable and comparable statistical data according to economic activity. The codes under NACE 93.1 (Sport activities) define the organisations whose main business is the provision of sport (93.11 Operation of sports facilities; 93.12 Activities of sport clubs; 93.13 Fitness facilities; 93.19 Other sports activities).

| ISCO 9 - Elementary occupations (e.g. office cleaners, labourers, deliverers) | N/A |

CROATIA
This section presents the main national results and key information from the first ever European Employer Skills Survey for the sport and physical activity sector. The goal was to consult the widest variety of employers to collate data on realities and difficulties to recruit and retain staff and volunteers and to identify the skill needs and future priorities for the sector.

The online survey was a great success with a total of 3,812 valid responses collated from sport employers across the whole European Union and 25 responses from your country.

Important: the analysis provides an elaboration of all responses collated through the survey and so should be taken into consideration carefully as it is not necessary the exact reality and the exact picture of the whole sector.

4.1 THE PROFILE OF RESPONDENTS TO THE SURVEY

Top 5 type of respondents - n=25

- Sport Club: 36%
- Sport Federation: 36%
- Sport body: 12%
- University/College: 8%
- Sport for all organisation: 4%

Status of respondents - n=24

- Not-for-Profit: 62.5%
- Public: 16.7%
- Commercial (private for profit): 4.2%

*Other= 16.6%

Size of organisations - n=24

- No staff: 16.7%
- 1 to 4 employees: 33.3%
- 5 to 49 employees: 33.3%
- 50+ employees: 16.7%

4.2 EMPLOYMENT AND PRIORITY SKILLS FOR DEVELOPMENT

A positive forecast for the sector workforce

- Compared to 12 months ago, the number of employees in respondents’ organisation has: n=24
  - Increased: 25%
  - Remained the same: 66.7%
  - Decreased: 8.3%

- Over the next 2 years, respondents think that the workforce of their organisation will: n=24
  - Increase: 16.7%
  - Remain the same: 66.6%
  - Decrease: 4.2%

*Do not know= 12.5%

Occupations engaged in respondents’ organisation - n=23

1. Middle Management staff: 87%
2. Sport coaches: 82.6%
3. Senior Management staff: 82.6%
4. Operational staff: 65.2%
5. Sport officials: 60.9%
6. Clerical and Office staff: 56.5%
7. Athletes and Players: 56.5%
8. Outdoor activity leaders and animators: 34.8%
9. Fitness Instructors / Personal Trainers: 21.7%
### 5 Most Important Skills and Attributes

### Recruitment Realities and Challenges

#### Recruitment of a Paid Employee in the Past 12 Months

- **63.2%** Yes
- **26.3%** No
- **15.8%** Do Not Know

*Do not know: 10.5%

#### Difficulties to Fill Vacancies

- **63.2%** Yes
- **21%** Do Not Know
- **15.8%** No

#### Top 3 Difficulties When Recruiting

1. **46.2%** Not enough people interested in doing this type of job
2. **38.5%** Unattractive terms and conditions (e.g., wage) offered for this post
3. **30.8%** Low number of applicants with required motivation and attitude

#### Top 3 Hardest Roles to Fill

1. **66.7%** Sport Coaches
2. **33.3%** Senior Management Staff
3. **33.3%** Outdoor Activity Leaders and Animators

CROATIA
4.4 RETENTION REALITIES AND CHALLENGES

Difficulties retaining staff - n=19

- Hardest roles to retain (top 3) - n=3
  - 66.7% Sport Coaches
  - 33.3% Outdoor activity leaders & animators
  - 33.3% Operational staff

- Top 5 difficulties expressed for retaining staff - n=3
  - 66.7% Better pay offered in other job roles
  - 66.7% Better pay by other organisations
  - 33.3% The work is only seasonal
  - 33.3% Lack of career progression/pathways
  - 33.3% Unable to meet the skill requirements of the job

4.5 ENGAGEMENT OF VOLUNTEERS

Engagement of volunteers in a typical year - n=24

- 75% Organisations engaging volunteers
- 20.8% Organisations not engaging volunteers

Expectations of volunteers and paid staff

Do organisations have the same expectations of volunteers and paid staff in the following roles?

- Sport officials - n=8
  - 62.5% Yes
  - 37.5% No

- Outdoor activity leaders and animators - n=5
  - 40% Yes
  - 60% No

- Sports Coaches - n=18
  - 38.9% Yes
  - 61.1% No

- Operational staff - n=13
  - 38.5% Yes
  - 61.5% No

- Senior and middle management staff - n=10
  - 36.9% Yes
  - 63.1% No

Problems in engaging volunteers and for which occupations

- Any particular problem engaging volunteers - n=19
  - 36.8% No
  - 47.4% Yes
  - 15.8% Do not know

- Top 3 occupations where there are problems engaging volunteers
  - 77.8% Sport Officials
  - 55.6% Sport Coaches
  - 44.4% Management: board members

</table>

The missing percentages stand for the answer “I do not know” present in the initial survey. Respondents indicate their agreement/disagreement with the above statements.
The aim of the ESSA-Sport project, funded by the European Commission under the Erasmus+ programme, was to establish a European Sector Skills Alliance covering the full breadth of the sport and physical activity sector across the EU.

The 3-year project, which concluded in October 2019, aimed to create a debate within the sector on the key issues of skills and workforce development which are central to helping the sector grow, to equip those working or volunteering with the right skills and to enable the sector to fulfil its potential as a social, health and economic driver.

The overall ambition was to create an evidential basis for change and improvement, to create a major consultation on skills and to build a lasting consultation network at national and EU level to take forward the conclusions and recommendations made in national and EU Reports.

The consortium, composed of 20 national coordinators and 5 European networks, is proud to have generated new knowledge and statistics included within this National Fact Sheet.

Further information on the identified skill needs and future priorities for the sector can be found in the detailed European Report as well as National Reports.
